I went to ELS/Vancouver as a new student from Japan. Back then, everything was very new to me and I was struggling with daily obstacles. ELS not only taught me English, but also provided me with support for transition from a Japanese student who just graduated from high school, to an independent adult, who is now a UBC student. Every time I went to the office, there was someone who welcomed me with a smile, listened to my concerns, and gave me advice, making me feel as if it were my home. Every time I had questions about English, there were the teachers who tried to understand and solve my problems for me. Moreover, I was surrounded with friends from all over the world, such as South Korea, Brazil, and Saudi Arabia. This made me feel better, despite being homesick. Every time I wanted to enjoy time in Vancouver, there were attractive events planned by the ELS Coordinator. The time I spent in ELS passed so quickly, filled with countless events and interactions with diverse people. I gained skills that have allowed me not to be afraid of making mistakes and to keep hammering on what I am trying to achieve. I would not be where I am today, had I not enrolled in ELS. ELS will always be my home and the starting point of my journey in Vancouver.

-- Aya, Japan
ELS/Vancouver graduate,
Current UBC student

"Ever since my first day, I had a blast! First of all, everybody welcomes you as a new member of the family. I had the pleasure not only to meet many people from all over the world with different cultures, which was a privilege, but I also had so many amazing adventures, and learned a lot with each and every one of my ELS family and friends. I cannot wait to enjoy incredible moments with my ELS family again."

- Renata, Brazil

Our Students and Parents Say It Best: ELS Works

I am very lucky to have chosen ELS as my English school because I met great people which always encouraged me to do my best. There are many things I can say about ELS, but I would like to emphasize that when I first got to Vancouver I was quite worried about my English skills, and there I found what I was looking for. Furthermore, while I was studying at ELS I improved my English skills a lot because we were always doing a variety of activities. Besides, I had amazing teachers who always were patient, dynamic, and well prepared. I was always pushed to study hard and focus on the goals I wanted to achieve. I can say that now nothing blocks me from representing my thoughts in a more accurate fluent way. I am currently studying business at Capilano University in Vancouver and none of this would be possible without my ELS teachers. I am really grateful to have been part of this huge family where I found help, support, and friends from all around the world.

- Andy, Mexico, ELS/Vancouver graduate, Current Capilano University student

What I loved about my time at ELS was the chance to practice what I learned at class in activities that my teachers and the staff of ELS/Vancouver had organized around the city. That also helped me get the confidence to explore Vancity by myself and to meet people from all over the world. Also, I can never be grateful enough to the staff to give me a CANADIAN MOTHER! Probably it was the difference to make us all feel welcome in a foreign country to have someone there for whatever we need.

I took the business course that the school offers. The teachers know what they are doing and encourage us to demonstrate that we can make it in this world by doing projects and activities related to business. It gives the opportunity to improve your English skills and take them to the next level, not just to use them in a school environment but also the confidence to apply for a company. I am extremely happy with the choice I made. And I highly recommend them.

– Diphna, Mexico, ELS/Vancouver student

I've studied for three months at ELS, where I made great friends from all over the world and had the opportunity to learn a lot and improve my English. I did it, not only in class but also outside of it by travelling or going to a hockey game. I can surely say that those were the best months I've ever had and will always remain in my heart!

– Rafaela, Brazil, ELS student

For me, Canada was really an eye-opener. When I arrived, I felt like a fish out of water because it was the first time I had traveled alone. I was really scared, but with time, I started feeling good and happy. Canada is a really good country. It is calm and safe, and the people are very respectful and kind.

The activities at ELS are really good. You can meet new friends and improve your English. The ELS administrative staff are the best. They enjoy their jobs and make everything exciting and fun. They are friendly and always try to help you with everything you need.

– Isabella, Panama, ELS/Toronto student

Find Your Home Away From Home

ELS understands that each student has his or her own preferences when it comes to living accommodations, so we offer options to make sure that you feel comfortable and at home.

Homestays

Both ELS Centers in Canada offer homestay accommodations with an English-speaking host family. ELS selects host families very carefully so that each student has a safe and comfortable experience in a “home away from home.” Students have reported that living with English-speaking host families has helped them to learn English more quickly while getting direct exposure to the customs and culture of your new surroundings.

You may develop a special connection with your host family that can last a lifetime.

Apartment Housing

If you prefer a more independent lifestyle, you may choose to live in an apartment near your ELS Center. Apartment costs and conditions can vary depending on location.

Some ELS locations have special relationships with local apartment providers that welcome ELS students, families, married couples, or executive clients.

Contact your local ELS authorized Counselor at [ELS.edu/HowToApply](https://els.edu/HowToApply) for more information on ELS housing options.
